

Land-based and Aquaculture Learner of the Year Awards 2019

Secondary school nomination form

Land-based, environmental and aquaculture industries in Scotland enhance the quality of life for us all, supply great food, ensure the health and welfare of animals, provide leisure activities, enrich rural and urban spaces and protect our natural heritage.

Lantra Scotland's Secondary School Awards are sponsored by RHASS and celebrate school projects and activities which support and encourage increased knowledge and understanding in rural learning.

Our two categories are for urban and rural secondary schools in Scotland, with winners receiving £250.

If you'd like to enter our awards, please read the following guidance and then fill out the form with your school's partner organisation.

A school garden maintained for the benefit of pupils and the wider community.

How to make a nomination

To be eligible, your school could be: developing a school garden or vegetable plot; working on a biodiversity project or in a community woodland; delivering rural skills as part of the curriculum or working in partnership with a local farmer or crofter.

To make a nomination, just complete this form and tell us how your project or activity has benefited pupils, the school and the wider community, getting a partner college, teacher or employer to say why your school deserves to win an award. Please include photographs and logos as high-resolution jpegs.

Please send your completed forms to scotland@lantra.co.uk **or post them to Lantra Scotland,**
Inveralmond Business Centre, Auld Bond Road, Perth PH1 3FX **by Friday 9th November 2018.**

An independent panel of judges will decide who to shortlist and may invite some schools to an interview.

Finalists and guests will be invited to a fabulous awards ceremony at the DoubleTree by Hilton Dunblane Hydro on the evening of Thursday 7th March 2019.

Nominated secondary school details

Please tick appropriate category ☐ Rural Schools Award
☐ Urban Schools Award

School name:

About Lantra Scotland

Lantra in Scotland supports our land-based, aquaculture and environmental conservation industries in developing highly skilled workforces capable of competing in today's local and global economy. We work to raise the attractiveness of our sector to new entrants, as they will be the workforce of the future.

We aim to ensure that potential school leavers, graduates and career changers see the land-based and aquaculture sectors as attractive career choices. Our work ensures that they, their careers advisors and parents are aware of the exciting opportunities for rewarding careers within these areas.

In Scotland, Lantra represents the interests of over 23,000 businesses employing around 150,000 people.

Over 70,000 work in primary food production, including industries like agriculture, production horticulture and aquaculture.

To find out more about training or careers in our sectors, please call Lantra Scotland on 01738 310164, or email scotland@lantra.co.uk

School awards sponsored by RHASS

The Royal Highland and Agricultural Society of Scotland is for everyone who supports the very best standards in agriculture, forestry and stewardship of the countryside, which are an essential part of our heritage – and our future. Industries in our rural areas are major contributors to the economy and character of the country. We are delighted to play a small part in encouraging our schoolchildren to get involved in projects that develop rural skills.
